Engineering and Computer Science

News and Updates

Ven Basco

Librarian for Engineering & Computer Science

Available Online to all UCF
Faculty and Students

This book is all about teaching

the style and conventions of writing for a peer-reviewed scientific journal. From structure to style, titles to tables, abstracts to author lists, this book gives practical advice about the process of writing a paper and getting it published. SPIE Press, [2018]

Pathways to Success (Faculty and Grad Students) Workshops

- Library Research & Literature Review Strategies
- Where to Publish and Author Rights
- Optimizing your Online Presence
- Endnote and RefWorks: Citing Made Easy!
- Planning Poster Presentations
- Apps to Help Organize Your Research Life
- Presentation Skills

Ven Basco

Subject Librarian for Engineering and Computer Science
(407) 823-5048
John C. Hitt Library Rm. 203F

WELCOME (BACK)!

I would like to extend a warm welcome to all new and returning faculty members! Please contact me for any of your research or teaching needs listed below.

Teaching Support

- Textbook Affordability
- Face-to-face Library Instruction – Bring your class to the library, or I'll come to you!
- Creating Persistent Links to Articles

Research Support

- Schedule an Appointment
- InterLibrary Loan & Document Delivery (ILL/DDS)
- Recommend Items for Purchase
- Citation Management
- Publication Support
- UCF Data

TEXTBOOK AFFORDABILITY

UCF Libraries have created a research guide, "[Textbooks, Textbook Alternatives & Course Readings from Library Resources](#)," to assist faculty and students with alternatives to full-price textbooks. For example, the Libraries offer thousands of full-text online books that can be used in the classroom or by individual students to supplement class readings.

Update on the 21ST Century Library Project

Phase 1 included construction of the Automated Retrieval Center (ARC), which will have a capacity to store up of 1.25 million volumes. A first of its kind in Florida. Phase 1 also marked the completion of the 5th floor Quiet Study Zone, an area focused on the research, study, writing and coursework of individuals.

Phase1A will mark the construction of the "Connector" building, which will connect the ARC to the existing library building. The Connector will include a new entrance to the library, near the Student Union, new library instruction classrooms, a multipurpose room, and additional space for students.

Research Guides

Looking for an effective way to find information for your assignments or research? Check out the following Library Research Guides.

Civil, Environmental & Construction Engineering <http://guides.ucf.edu/cec>
Electrical Engineering and Computer Science <http://guides.ucf.edu/ece>
Industrial Engineering & Management Systems <http://guides.ucf.edu/ie>
Materials Science and Engineering <http://guides.ucf.edu/mse>
Mechanical and Aerospace Engineering <http://guides.ucf.edu/mae>

These guides have details about the best resources and websites to use to find information on a range of topics. They include practical tips, recommended databases and help to find journal articles, e-books, books, and more.
